Don't Open This Package Until...

**...Actually, Why Wait?
Because What's Inside
is So Valuable, You're
Bound to Want it Now!**

See inside for all the details.

"Choose Whywait. And Consider it Done."

"Choose Whywait. And Consider it Done."

Introducing Our Service Partner Plan: It's the Most Whywait for Your Money.

Plumbing systems and fixtures are things we tend to take for granted.

Until something goes wrong, that is. And then it's: "Let's hurry up and get this done, and hope it doesn't cost too much!"

At Whywait Plumbing, we share that concern. And now we have a plan – our Service Partner Plan – designed to **help you worry less, save more, and avoid unwanted repair bills.**

The Value is Clear!

Once you enrol in our Service Partner Plan, you'll enjoy these customer-friendly benefits:

- **Annual inspection of all plumbing systems and fixtures** that helps to ensure your family's comfort and security, and allows us to spot small problems before they become major repair bills;
- **10% off all Whywait services** not already covered by your Plan;
- **Reduced diagnostic service fee;**
- **Priority scheduling**, even for after-hours emergencies;
- **Never pay another emergency call out fee;**
- **Enjoy extended warranty protection** (ask for details!)

As a Service Partner Plan customer of Whywait, you'll enjoy VIP status...365 days a year.

What Your Annual Inspection Includes.

We believe the most valuable benefit of our Service Partner Plan is the annual plumbing inspection. That's because we look at everything: toilets and showers, sinks and taps, outside taps, your water heater, garbage disposal, water treatment system, and all the rest.

After all, the last thing you want is unpleasant surprises... and unexpected repair bills.

By performing our inspection service once a year (for as long as you remain a Plan member), we can help eliminate both.

Enrol Now, and Reap the Rewards All Year Long.

Your Whywait Service Technician has a Service Partner Plan enrolment form you can complete and return today.

We urge you to do so, and allow us to serve you to the fullest of your needs and expectations.
