“We Make it Nice And Easy.”

Plumbing and drain cleaning issues sometimes need immediate attention to help calm your nerves, lessen or eliminate any potential damage to your home...and **restore the kind of indoor comfort we know you depend on.**

So when you call The Plumbing Rooter Co., rest assured that:

- **We'll be on time**, or call ahead if we're facing an unavoidable delay;
- Our trucks are fully stocked, meaning **we can usually do the job with a single visit to your home;**
- **Our technicians wear shoe covers**, and treat you and your home with all the respect in the world;
- We'll answer all your questions and fully explain the problem and our recommended solution for **your greater peace of mind.**

In addition to plumbing & drain cleaning, we also provide:

- **Pipe relining** to avoid expensive pipe and drain line replacement;
- **Backflow testing to determine if chemicals or other pollutants are backing up into your household water supply;**
- **Hydro jetting...**a drain cleaning technique **for really tough clogs;**
- **In-line video inspection...**to find the exact location of drain blockages; and,
- **Electronic leak detection** to help **conserve water and spot small problems before they get worse.**

There's a lot to like with The Plumbing Rooter Co. And **we hope you'll give us an opportunity to prove just how valuable we can be...**around the house.
